PILES RELIEVED

Also Eczema, Salt Rheum, Urticaria, Old Sores and Carbuncles.

Under the influence of Sun Cura Ointment surprising improvement is made so quickly that it seems almost miraculous.

Stubborn cases of piles like those of Rev. W. F. Gilbert of Titusville, Pa., vanish before the marvelous antileptic Ointment. Mr. Gilbert writes:

"For twenty years I suffered with hemorrhoids and itching piles; at times I was confined to the house for more than a month. Two years ago I began using Sun Cura Ointment and one box made a firm and permanent cure. I have not been troubled since."

Sun Cura Ointment is guaranteed by Graham & Company, Conneville, and S. A. Lowe & Company, Scottdale, who are agents, to help any of the above named diseases or money back.

It relieves pain from burns, cuts and bruises, draws out the poison and often heals in short time. See and use a jar at Graham & Company's, Conneville, and S. A. Lowe & Company, Scottdale.

GOOD BABY SOAP.

Sun Cura Soap is a healing and antileptic soap; just the soothing kind that baby needs. It frees the pores from impurities and prevents rashes and other skin diseases. Fine for anyone's skin; banishes blackheads and pimples, clears the complexion, etc.

Let us weave each thread of the glorious tassel of our country's flag about our heart strings, and looking upon our homes and catching the spirit which breathes upon us from the battlefield of our fathers, let us resolve that, come what or go, we will live and die, never and forever, stand by the Stars and Stripes. They have floated over our cradles; let it be our prayer and our struggle that they shall float over our graves. They have been unfurled from the snows of Canada to the plains of New Orleans, to the halls of the Montezumas, and amid the solitude of every sea, and everywhere as the luminous symbol of resolute and beneficent power, and they led the brave and free to victory and to glory.—Holt.

WORKING OF NEW TARIFF.

The vain pretense and partisan faculty of Democratic statesmen and the Democratic press evince the weakness of the new heaven-sent Wilson Tariff bill as thus dissected by The Daily Iron Trade, an expert authority on subjects of this character:

That important iron and steel under the new Tariff law have been smaller in volume than in many months has been commented upon by various persons and journals in variously different veins. Supporters of the Wilson-Underwood law have declared this fact shows that a Low Tariff or Free Trade will not result in European manufacturers overrunning this country. Therefore, they hold American workmen will not be displaced and that American standards of wages will not be affected. This, too, no matter how large the importations.

There is no mystery about present imports of iron and steel being small. They are small because few American buyers want them. Trade is so dull just now that not enough iron and steel is being sold to keep our own mills busy. Were the American people rushed with business, prices high and iron and steel in keen demand, and were British, German and Belgian mills languishing as now, one would see just how quickly the American price fabric would be knocked into a cocked hat by the new Free Trade. As it is now, we shall be able to observe only the negative effects because the American price fabric was demolished long before the new Tariff act actually became a law. The flood of European iron and steel that came of that month before, thus preventing positive effect of the new Tariff upon prices at this time. But, no one doubts that the era of high prices in American iron and steel has passed. Hereafter prices will pursue more of a level course; there will be fewer and fewer high spots in the market such as have distinguished former boom periods. That far the effect of the new Tariff will be negative, sort of a wet blanket influence.

It may be treason to discuss the Tariff in its relation to business conditions, but the Democratic press will not be able to bluff the people by calling the Republican and industrial press "Calamity Howlers" whenever they exercise their constitutional privilege of inquiring into the wisdom of Democratic policies. The Democratic politicians may quiver and fill the air with howling recrimination, but the fact remains that the times, whether they are good or bad, are DEMOCRATIC TIMES, and there is positive NO DIVIDED RESPONSIBILITY FOR THEM IF THEY WERE GOOD, the Democratic party would take ALL THE CREDIT; IF BAD, THAT PARTY MUST TAKE ALL THE BLAME.

While the Township Supervisors were in Uniontown imbibing wisdom and other things, President John M. Core of the Fayette Automobile Association handed them a dash of hot water in the shape of a notice that he would prosecute all who fail to observe the provisions of the law requiring license stickers to be picked off the roads twice a year. The supervisors didn't ask for bread, to be sure, but they got the stone anyhow.

If the weather man has no respect for the Easter hat let him have some consideration for the woman who is in the Easter gown.

The South Brownsville citizen who raised two large families in the town without interference from any source is an example of that charity a community will sometimes have for irregularities in its midst which it will not tolerate in Salt Lake City. But Brownsville was for so many years so sadly decadent that perhaps it welcomed all additions to the population.

Scout fever is getting numerous enough to report itself as a wayward unreported contagious disease.

The Uniontown bloodhounds have failed to run down Scott's chicken thieves, but it been chickens. It might have been different. The fowl gang of Trump Hollow were run down by the dogs, it is true, but they had the chicken with them, and there is a suspicion that "Turkey" Morris may have been some sleuth himself.

The Panama affair at San Francisco has nothing on the First Annual Art Exhibition of the Conneltsville Schools, open this week.

Governor Hatfield doesn't believe West Virginia miners have the hookworm. The chief trouble with the miners over in that section seems to be the fever of unrest. Then, too, it seems that some of them would rather shoot than eat.

The Conneltsville hospital will assume a more cheerful aspect.

There is not much excuse for railroad collisions under the modern system of train-running, and when such accidents occur the investigation should be rigid and the responsibility firmly held.

It is to be hoped that the health department's Easter bonnet has a drop-forged spinal extension.

After Professor Hemenway completes his course of lectures on the theory of the City Beautiful, old and young should buckle down to the practice, and try to make dusty old Conneltsville shine.

In permitting a man under arrest to go free in order that he might help with the moving, Mayor Martin was a Solomon in justice and wisdom. He recognized the justice of the wife's claim upon her husband's service in

such a soul-trying time, and he sent the prisoner to a worse punishment than he could have suffered by leading to the lock-up and being fed at the expense of the city.

The buckwheat season is ripe in Greene county, judging from the records being chalked up.

If the number of judges who are nowadays putting themselves above the law just because they can do so keeps on increasing, we shall have to revise our opinion on the judicial recall.

The ranks of the Civil War veterans are thinning, but the reunions of the old soldiers make up in enthusiasm what they lack in numbers.

When a division engineer has graduated from the Conneltsville division he is ready for any similar position on the Baltimore & Ohio system.

PONDEROUS PERSONAGES.

HANS WAGNER.

By GEORGE FITCH.
Author of "At Good Old Slawash."

Hans Wagner, one of the world's greatest swat solists, resides in Pittsburg during the overhauled season, but is very well known in seven other American cities where he is as welcome as a smallpox.

Wagner is one of the greatest musicians the world has ever known. There are people who sneer at his musical ability and claim that a namesake of his, Richard Wagner, who died some years ago, produced far greater music. This is preposterous, however. Richard Wagner never lifted more than four or five thousand people at a sitting and it took three and four hours of incessant playing to do this; whereas Hans Wagner, by one single exquisite quadruple bass thump, has brought thirty thousand people to their feet and has sent them some happier men and women.

Wagner produces his music with a common hickory baseball bat. In his leisure moments he plays shortstop for the Pittsburg team. He is a stout, short man with large, wide-branched legs and a pair of hands that are as grabby as an oil trust.

For the regular grumpy were to shoot a three-inch shell at Wagner while he was shortstopping, he would knock it down with one hand, pick it up with the other and shoot it to first before it had time to explode.

Wagner is an old man, as baseball players go, and has been battling around Pittsburg for a good many years. Sometimes he bats .400 and sometimes only .300 but always ahead.

Wagner produces his music with a common hickory baseball bat.

Mr. Wagner is a poor conversationalist and rarely attempts to tell an umpire how far the latter has descended from the ape family. He does most of his talking with his bat. There are few things more eloquent than a balanced hickory remote by this eminent gentleman with the bases full and the enemy only one run sometimes only .300 but always ahead.

THE SOISSON.

HAGENBECK-WALLACE CIRCUS

Today is "Circus Day" at the Soisson Theatre, when the Hagenbeck-Wallace Circus will be presented this afternoon and night. The entire exhibition will be shown from unloading the cars, the parade and complete performance. This is the first moving picture of this nature and will not doubt be appreciated. There will also be a three reel feature, "Diplomatic Flo," making one of the best picture bills of the season. The prices are the same, 5 and 10 cents.

The Penn State Theatricals will present a two act musical comedy, "The Innocents," at the Soisson Theatre Wednesday, April 15. The company is made up of 50 college men, some of whom have made the coast to coast trip with the famous Penn State Glee Club. The production however is not at all a glee club but is a delightful performance of fun and amusement, interspersed with dancing and singing by a chorus of men dressed as girls in the latest models of gowns from New York city. This is the first western appearance of the Theatricals who for the past 17 years have produced very popular shows in eastern cities.

THE COLONIAL.

RUSSIAN ORCHESTRA.

The Russian Symphony Orchestra has just closed a most successful season. This is the eleventh season of concert giving and touring in the United States and Canada for this unique organization. Mr. Modest Altschuler, who is the founder and manager as well as being the conductor of the Russian Symphony of New York, which will appear here at the Colonial Theatre on Saturday, April 11, looks for much greater activities during the coming season, which is their twelfth year in the field. The fact that this orchestra is self maintaining is a fact which no other organization of its kind can boast of and is in itself a source of great gratification to its organizer and conductor. Modest Altschuler, during his career as a conductor in this country has crossed the continent three times with his orchestra, this in a record unequalled by any other similar organization. Orchestras from New York and other large cities, with a large financial backing have been for years contending to tour across the continent, but as yet none of them with the exception of the Russians have succeeded.

This is one reason why Mr. Altschuler is so proud of his orchestra and only has to see him to realize that he gives out his entire energy in drawing forth from the skilled musicians under his masterly hand music with an individuality which is absolutely unequalled. As a conductor Modest Altschuler needs no further introduction, but we might say a word regarding his program, which are all-

ways entirely by Russian composers, unless otherwise requested. The fact that he plays an entirely Russian program is in itself very unique and original; he has the power as the conductor of program to bend the emotions of his hearers at his will, he excites, soothes, and carries you through space with his beautiful melodies, and upon leaving the auditorium you feel rested and refreshed. Thus your emotions are played upon by the wonderful powers of this famous conductor of the Russian Symphony Orchestra of New York.

NEW HIGH SCHOOL PLANS FOR EAST HUNTINGDON

Board Votes Four to Three on School Proposition Agitated for Some Time Past.

SCOTTSVILLE, April 11.—With a vote of four to three the board of directors of the East Huntingdon township school district decided at their last meeting to build a new high school building. Its location, cost and the issuing of bonds to cover the cost were not taken up. Those voting for the new building were: President, D. R. DePriest, W. J. Houser, John Leighty and E. R. Kelly, and against the proposition, E. L. Rose, D. F. Cowan and C. L. Blair.

This question has been agitated for some time past and it will be remembered there was a large gathering of citizens at Alverton and the matter was gone over some weeks ago on the evening of the previous meeting of the board.

GUARD THE KIDNEYS

Millions Die of Kidney Disease: Tens of Thousands Have It Right Now.

The most and wisest plan to always keep the kidneys healthy and free from poisonous matter that leads to Bright's disease, dropsy and other serious diseases is to take a few doses of Thompson's Barosma every three months.

It is a harmless vegetable remedy put up in liquid form, is quickly assimilated and gets to the sick kidneys at once. If your kidneys are weak, inflamed or clogged up, Thompson's Barosma will put them in splendid shape again. If they are not diseased, this greatest of all kidney remedies will tone up your system anyway.

Gramham & Company, Connellsville, and S. A. Lowe & Company, Scottdale, sell Thompson's Barosma for 50 cents and \$1 a bottle on money back plan. If often cures backache, headache, sharp shooting pains and all kidney, liver or bladder disease. In conjunction with Barosma always take Thompson's Dandelion and Mandrake Pills (25 cents) when constipation is present. Thompson Medical Co., Titusville, Pa. -Adv.
